

SOUTHFIELD

True Partners

Southfield Capital is a private equity firm that partners with exceptional, growing companies in the lower middle market

Targeted Business Characteristics

Leadership committed to partnering

Profitable, growing business

Organic and acquisition growth potential

Service that's critical to the customer

Southfield Capital has invested in entrepreneur built, business services companies since 2002. We work collaboratively with management teams to accelerate organic growth and implement targeted add-on acquisition strategies with the goal of at least tripling the size of the businesses. Southfield is currently investing out of its third fund.
